

## Nanox to Report First Quarter 2022 Results on May 19, 2022

May 5, 2022

NEVE ILAN, Israel--(BUSINESS WIRE)--May 5, 2022-- NANO-X IMAGING LTD ("**Nanox**" or the "**Company**," Nasdaq: NNOX) will report its results for the first quarter ended March 31, 2022 before market on Thursday, May 19, 2022. Erez Meltzer, Chief Executive Officer, and Ran Daniel, Chief Financial Officer, will host a conference call to review these results and provide a business update beginning at 8:30 a.m. ET.

Interested parties may access the conference call by dialing (877) 550-3765 (Domestic) or (409) 937-8962 (International) and reference Access Code 8476729. Participants wishing to join the call via webcast may use the following webcast link: [Nanox Q1 2022 Earnings](#). The link will also be posted in the Investor Relations section of the Nanox website at [Events and Presentations](#). A replay of the webcast will be available shortly after the event concludes.

### About Nanox

Nanox (NASDAQ: NNOX) is focused on applying its proprietary medical imaging technology and solutions to make diagnostic medicine more accessible and affordable across the globe. The vision of Nanox is to increase the early detection of medical conditions that are discoverable by medical image technologies based on X-rays, which we believe is key to increasing early prevention and treatment, improving health outcomes, and, ultimately, saving lives. We are developing a holistic imaging solution, which includes the Nanox System, comprised of the Nanox.ARC using our novel MEMs X-ray source technology, and the Nanox.CLOUD, a companion cloud software, integrated with AI solutions and teleradiology services. Our vision is to increase early detection of medical conditions that are discoverable by X-ray by improving access to imaging, reducing imaging costs, and enhancing imaging efficiency, which we believe is key to increasing early prevention treatment, improving health outcomes and ultimately saving lives. ### Forward-Looking Statements

This press release may contain forward-looking statements that are subject to risks and uncertainties. All statements that are not historical facts contained in this press release are forward-looking statements. Such statements include, but are not limited to, any statements relating to the initiation, timing, progress and results of the Company's research and development, manufacturing and commercialization activities with respect to its X-ray source technology and the Nanox.ARC, the ability to realize the expected benefits of the acquisitions, and the projected business prospects of the Company and the acquired companies. In some cases, you can identify forward-looking statements by terminology such as "can," "might," "believe," "may," "estimate," "continue," "anticipate," "intend," "should," "plan," "should," "could," "expect," "predict," "potential," or the negative of these terms or other similar expressions. Forward-looking statements are based on information the Company has when those statements are made or management's good faith belief as of that time with respect to future events, and are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in or suggested by the forward-looking statements. Factors that could cause actual results to differ materially from those currently anticipated include: risks related to (1) the inability to successfully integrate the acquired companies' business, (2) the inability to realize the anticipated benefits of the acquisitions, which may be affected by, among other things, competition, brand recognition, the ability of the acquired companies to grow and manage growth profitably and retain their key employees, (3) costs related to the acquisitions and/or unknown or inestimable liabilities, (4) changes in applicable laws or regulations that impact the operations of the acquired companies, (5) the failure to meet projected technology development targets, (6) the failure of the acquired companies to effectively scale end-to-end medical imaging solutions worldwide, (7) changes in global, political, economic, business, competitive, market and regulatory forces, and (8) (i) Nanox's ability to complete development of the Nanox.Arc ; (ii) Nanox's ability to successfully demonstrate the feasibility of its technology for commercial applications; (iii) Nanox's expectations regarding the necessity of, timing of filing for, and receipt and maintenance of, regulatory clearances or approvals regarding its X-ray source technology and the Nanox.Arc from regulatory agencies worldwide and its ongoing compliance with applicable quality standards and regulatory requirements; (iv) Nanox's ability to enter into and maintain commercially reasonable arrangements with third-party manufacturers and suppliers to manufacture the Nanox.Arc; (v) the market acceptance of the Nanox.Arc and the proposed pay-per-scan business model; (vi) Nanox's expectations regarding collaborations with third-parties and their potential benefits; and (vii) Nanox's ability to conduct business globally, among other things.

For a discussion of other risks and uncertainties, and other important factors, any of which could cause Nanox's actual results to differ from those contained in the Forward-Looking Statements, see the section titled "Risk Factors" in Nanox's Annual Report on Form 20-F for the year ended December 31, 2021 and subsequent filings with the U.S. Securities and Exchange Commission. The reader should not place undue reliance on any forward-looking statements included in this press release.

Except as required by law, Nanox undertakes no obligation to update publicly any forward-looking statements after the date of this report to conform these statements to actual results or to changes in the Company's expectations.
